

(Image:

<https://press.vitaminshoppe.com/wp-content/uploads/2020/08/CBDHQ.TheVitaminShoppe-scaled.jpg>) Discover your smoking essentials at Smoking Depot - a friendly and accessible tobacco, cannabis, and glass shop. This is where you can browse products in this store. THCA and CBD have different effects and strengths. While THCA is a precursor to THC and can become psychoactive when heated, CBD is non-psychoactive and doesn't produce intoxication. The strength of each compound varies depending on individual factors and the specific product used. [external frame](#)
