

Our team provides landscaping services throughout Scottsdale, Carefree, Cave Creek, and Paradise Valley. Considering so many factors, it's not surprising that the overall costs can differ. A typical landscaping project is flower bed installation, which averages between \$800 and \$3,000. However, landscape lighting installation is a higher-end project, with a price tag of \$2,000 to \$6,000. If you are an avid DIYer and have plenty of time to dedicate to your yard, doing your own landscaping (or at least some of it) can be an affordable option.

In case you cherished this information along with you would want to get details with regards to citylightsfund.org generously pay a visit to our own web-page.
