

Our team provides landscaping services throughout Scottsdale, Carefree, Cave Creek, and Paradise Valley. Considering so many factors, it's not surprising that the overall costs can differ. A typical landscaping project is flower bed installation, which averages between \$800 and \$3,000. However, landscape lighting installation is a higher-end project, with a price tag of \$2,000 to \$6,000. If you are an avid DIYer and have plenty of time to dedicate to your yard, doing your own landscaping (or at least some of it) can be an affordable option.(Image:
