

# Lyric Template Tutorial

How to import and apply the 'NCC Standard' lyric template in ProPresenter 6

1. **Import Lyric Templates:** -

- Double Click on Lyric Template
- *Media Folder> ProPresenter Lyric Files> Lyric\_Template\_NCC\_Standard*

2. **Set Textbox Settings** - The correct settings should be:

- 20pt font in DIN MEDIUM, right justified
- Text box at the bottom right of the slide
- Text box should be stretched far enough left to accommodate as much text as possible without overlapping the sermon series graphic in the bottom left of the screen. Here is an example of how it should look:

3. **Check Final Product** - Here's what the final product should look like:

1 - Import Lyric Templates: Double Click on Lyric Template Media Folder> ProPresenter Lyric Files> Lyric\_Template\_NCC\_Standard

2 - Apply Template Select slide(s) you want to apply a template to Go to the "Template" icon on the top toolbar (or right click on the slide) Go to "NCC Standard" → Either Black or White as needed
