We'd love to hear from you! How Is CBD Made? Blessed CBD follows a strict set of manufacturing guidelines to ensure our products are of the highest quality. We start with CBD-rich hemp plants that are organically grown, and use only the finest ingredients available. Our CBD oil is extracted using supercritical CO2 extraction, [Highline Wellness CBD wellness brand](#) a clean and gentle process that preserves the natural properties of the hemp plant. The [CBD hemp extract](#) is then third-party lab tested for purity and potency before being formulated into our CBD products.

By avoiding chemical fertilizers in the growing process and harsh solvents like butane during

extraction, we can ensure that our CBD products are pure, natural, and of the highest quality. Does CBD Get You High? All of our products contain little to no trace of tetrahydrocannabinol, aka THC. Therefore, you will not experience any psychoactive effects or “high” from using our CBD products. However, if you are sensitive to trace amounts of THC cannabinoids, consider purchasing our THC-free CBD isolate products, including CBD gummies, CBD capsules, and CBD creams. Does CBD Show Up on a Drug Test? Some of our products are made from CBD isolate and contains no trace of THC. These products aren’t likely to make you fail a drug test. However, [Highline Wellness CBD wellness brand](#) in some cases, full-spectrum CBD oil that contains trace amounts of THC may cause a false positive on a drug test if consumed in large quantities. We recommend avoiding using our full-spectrum CBD oil if you are subject to random drug tests at work. How Do You Take CBD Oil? The way you take CBD and the time of day you take CBD comes down to personal preference - finding what works best for you. For example, some people prefer to take their CBD oil sublingually (under the tongue) for fast absorption, while others mix it into their food or favourite beverage. Check out our CBD oil dosage guide for more information on finding your perfect dose. All our products undergo rigorous testing to ensure they are free from harmful contaminants and meet the UK legal limit for THC content. We also make sure our products are free from pesticides, herbicides, and heavy metals.
